

K-LOVE Radio is a very important part of our community. It offers positive music for my children, schools, and work environments. There are not many options for residents of this community to listen to music that is ok for our children's ears. We need to keep K-LOVE broadcast in our community with excellent transmission; otherwise if you cannot hear the music very well, people will tune into stations that are less positive that they can hear. Our community needs an excellent positive station like K-LOVE to stay on the air with clear FM reception. We ask that you please retain K-LOVE's transmission.
